

CLASSES

We have a variety of stained glass classes and fusing glass workshops for the beginner through expert. All classes are held at Alpine's location in San Diego, California. If you need information or assistance making travel or lodging arrangements please contact us (<http://www.alpineglass.com/company/contact>).

All class dates listed are for the next open session. If you have already enrolled in a class you will receive a telephone confirmation prior to the first day. If you have any questions, please contact us (<http://www.alpineglass.com/company/contact>).

Class enrollment is limited so reserve your space today!

Beginning Stained Glass Class - Starts Tuesday January 12, 6:30-9:30PM

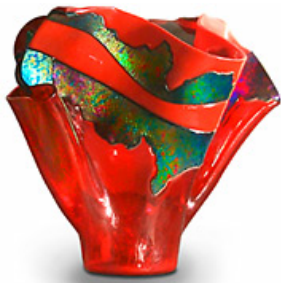

This hands-on class lasts 8 weeks. Students are expected to have no knowledge of stained glass or any previous skills or experience. The class covers glass selection, cutting, assembly in lead and copper foil along with many tips and techniques. Provides a strong foundation in stained glass and opens the way for Stained Glass Class II. Tools for the class will cost approximately \$250.00. Glass and supplies are extra. Classes must be paid for in full prior to the start of your first day in order to reserve your place. There are no refunds for classes within 2 weeks of the first day of class.

Stock Number: CLBSGA
Each: \$150.00

Advanced Fusing Class - Saturday TBA, 9:00AM-4:00PM and Sunday TBA, 9:00AM to 3:00PM.

This hands-on class picks up where Fusing Class 1 left off. Instruction includes use of drop rings, sandblasting, and casting. Students must have taken the Fusing Class 1 or have the equivalent experience, have basic glass cutting skills and their own glass cutter, breaking pliers and straight edge. All supplies are included. Classes must be paid for in full prior to the start of your first day in order to reserve your place. There are no refunds for classes within 2 weeks of the first day of class.

Stock Number: CLAF
Each: \$250.00

Beginning Fusing Class - Saturday January 9, 9:00AM-4:00PM and Sunday January 10, 9:00AM to 3:00PM.

In this two day hands-on class you will learn the fundamentals of glass fusing, slumping theory and techniques. Students will discuss design ideas and apply them to create fused pieces, slumping them into molds. You will take home several fused pieces such as bowls and vases. Students must have their own glass cutter, breaking pliers and straight edge. Glass and supplies are included. Classes must be paid for in full prior to the start of your first day in order to reserve your place. There are no refunds for classes within 2 weeks of the first day of class.
