

Holiday Snowflake Fused Glass Ornament

Uses Light Blue Waterglass Glass
Stock # S132W

Uses Clear Hi-Fire Iridescent System 96
Glass Stock # SI-100SFS

About the Pattern

We encourage you to have fun with the pattern, making many different shapes and sizes. Remember, no two snowflakes are alike so create your own fun patterns!

The pattern indicates what pieces of glass overlap and where they do not. It is important to have the pieces touch and overlap properly or the snowflake will be very fragile. The center glass pieces and wire covering piece are shown lighter so you can see what is happening underneath.
